International Arab
Baccalaureate

Miss. Rania Abou Ghayda

**English Language Coordinator at Hasbaya
Official High-School**

Lebanon

Concerning the IAB, it provides a genuine opportunity to fill the gap in the educational evaluation system as it highlights the evaluation of important skills in the learning process. Such evaluation connects all that a student has learnt throughout the years especially the acquired independent learning skills and critical thinking. So it would be a good support to the official Lebanese baccalaureate.
